

APPLICATION FOR VIN MEMBERSHIP

The Very Important Neighbours (VIN) Project is a service designed for the traveling professionals and voluntary staff of IFS member organizations. With the possession of a valid VIN traveling service card, IFS members will receive V.I.P. attention from a host member located within that particular city or community.

VIN Services:

- The VIN Project enables traveling members to receive information about the place they are visiting, including a tour of the local IFS member organization.
- VIN travelers will also be invited to attend special events hosted by the local organization and will be recognized as guests.
- If the VIN traveler has a particular interest in another local organization, the host will assist in making connections for a meeting and tour.
- If requested, the host will also provide suggestions on where to eat and stay, as well as advice on interesting places to visit and how to locate emergency assistance if necessary

Eligibility Requirements:

- Individuals are eligible to participate within the VIN Project if they are staff, volunteers or board members of an IFS member organization.
- This also includes the immediate family members of those listed above.
- The organization they represent must be an IFS member in good standing, which includes being current with membership dues.
- Also eligible are those individuals who support IFS with financial donations but are not directly connected to an IFS member organization

VIN Project Membership is valid for one calendar year and can be renewed at the time membership dues are submitted to the IFS office. There will be a \$25 USD processing fee to produce and mail the membership card. One card will be issued per organization, and can be used for a group providing they are all representing the same organization. In addition to the VIN card, a host organization may request to see an identification and/or business card.

Please complete this application and return to: Yvonne Olsen, Executive Director, IFS: 1101 Broadway Ave N Minneapolis, MN. 55411 USA; fax to +1 612 302-3490 or e-mail information to olseny@mcwmn.org. Tel: +1 612 302-3440.

VIN enrollment may also be completed online at the IFS website: www.ifsnetwork.org

Please visit www.ifsnetwork.org for more information.
